Others in attendance: Alene Lee, Angela Yang, Erin Lewandowski

Call to Order by Nancy Chung, Ed Fund President at 5:42 p.m.

Purpose of this meeting: to discuss funding priorities for the 2018-2019 school year; and to consider immediate allocation of funds for a subset of items and programs on the list recently provided by principal Donnie Rafter

Summary of discussion:

- Spread allocations across all departments, with the goal of benefitting as many students as possible, across a wide variety of ability levels, class types, and academic subjects.
- Allocate funds in a timely manner, with the aim that money donated by parents will be spent while their children are students at Beckman
- Allocate some funds now for items and programs to be used/implemented during the 2018-2019 school year, while still reserving sufficient funds to cover requests that may be submitted during the school year.
- It may be necessary to partially fund some items/programs instead of committing to provide the total cost of the item/program
- Defer PE allocation until a more specific request is submitted
- Would prefer to have more information about the AP prep book proposal

MOTION to approve the following allocations:

- \$10,000 to purchase science consumables
- \$6,000 to support the CSUF tutoring program
- \$4,000 to purchase equipment for the audio room
- \$2,400 to purchase software, cooking materials, sensory items, community based instruction, and curriculum and art supplies for the special education department
- \$2,100 for the world languages department to purchase supplemental reading materials and realia supplies for district novels

- Moved by Rebecca Reason, seconded by Alene Lee - **PASSED**

Meeting adjourned at 7:04 p.m.
